Sports  
Grades K-2

## Introduction

Sports are a favorite pastime and hobby for many people. Sports are played all over the world and bring people together. What is your favorite sport and what do you know about it?

## Learning Objectives

([CCSS.ELA-Literacy.W.K.2](#)) Use a combination of drawing, dictating, and writing to compose informative/explanatory texts in which they name what they are writing about and supply some information about the topic.

## Materials Needed

- Paper and pencil
- Crayons

## Procedure

1. Using poster paper, make a list of sports the class knows (basketball, soccer, volleyball, badminton, etc.). Tell students that today for their writing assignment they will be sharing what their favorite sport is and a fact about it.
2. Tell students that one sport you really enjoy is basketball. Listen to the book *Let's Play Basketball!* [read aloud here](#). Then, model writing for the students.
3. "My favorite sport is basketball. You shoot a ball into a hoop." Model drawing a picture of what you wrote.

## Evaluation

After students have wrote about their sport, have them bring their writing and drawing to the carpet. Take turns going around and sharing what everyone's favorite sport is and what they know about that sport.

Have students turn in their writing for a grade.

**Extension:** Post a picture of their drawing on a platform such as Seesaw.
